Music Director’s Note:

The High School Edition is the only version of CHICAGO available for us to license.

Not much is cut. **However, MANY of the keys of the songs are a bit different** (supposedly to make it easier to sing).

I WOULD ADVISE YOU to NOT listen to the BROADWAY TRACKS OR THE MOVIE. In case you want to hear the HS EDITION keys, there are several full-length show videos online – just search Youtube for “**Chicago teen edition**” (however - be wary of user-created “playlists”, as they are often collections of songs from OTHER editions of the show). The performance from **Chicago ERHS Senior Night** is pretty good.
